

**25 JUNE-
23 JULY**

RICCARDO AMMANNATO
WEBINAR COURSE

**THE «INDEX TECHNIQUE»
IN WORN DENTITION.
A NEW NO PREP ADHESIV
RESTORATIVE APPROACH**

WEBINAR GOALS

The evolution of composite materials together with adhesive techniques are meeting the requests of patients, who ask less invasive therapies combined with highly esthetic results in posterior and anterior severe worn dentition. The range of restorative options, is getting wider, thanks to composite that can adequately respond to mechanical stress, offering natural aesthetics and an effective adhesion when treated with specific protocols.

The main goal of this webinar is to provide a protocol to diagnose and treat severe worn dentition through a new no prep approach increasing the VDO: "The Index Technique". The webinar will also focus on when and how to bond on worn dentition, additive partial indirect restorations in composite and/or ceramic, depending on the indication.

All the step by step protocols will be addressed through images and videos in order to have a clear over view of this technique through an analog and digital workflow.

Financial costs and sessions for the patient are also very low compared to conventional prosthodontics.

PROGRAM

25 JUNE	WEBINAR 1
3 JULY	WEBINAR 2
10 JULY	WEBINAR 3
23 JULY	WEBINAR 4

- How to diagnose erosion, abrasion attrition and abfraction.
- Esthetic and functional analysis.
- How to increase the VDO and perform the “restorative” wax-up.
- Anterior and posterior mock-up try in for esthetics, phonetics and function.
- How to make the transparent index on the “restorative” wax-up.
- Adhesion on worn dentition.
- No prep restorative «Copy & Paste» protocol on the anterior sextants.
- No prep restorative «Copy & Paste» protocol on the posterior sextants.
- When and how to bond additive partial restorations (composite and ceramic) on severe worn dentition.

Riccardo Ammannato

Active Member of the European Academy Esthetic Dentistry (EAED); Active Member of the Italian Academy of Restorative and conservative (AIC); Active Member of the Italian Academy Esthetic Dentistry (IAED).

Author of articles on adhesive and restorative dentistry and speaker in international courses and congresses.

He currently practices at his office in Genoa, with multidisciplinary approach, but focusing on esthetics and restorative dentistry.

Teacher at Naples University Vanvitelli (Italy) in Restorative and Esthetic Dentistry.
Direct by Prof F. Femiano.

Teacher at Rome University Tor Vergata (Italy) in Restorative and Esthetic Dentistry.
Direct by Prof F. Mangani.

**THERE ARE FOLLOWING DISCOUNTS
FOR EACH ONLINE COURSE OF OHI-S COMPANY:**

- EARLY-BIRD REGISTRATION
- IN CASE OF PARTICIPATION IN THE FULL COURSE
- FOR THE PARTICIPANTS OF OTHER OHI-S
CONGRESSES AND SEMINARS
- 25% DISCOUNT FOR RESIDENTS
- 25% DISCOUNT FOR STUDENTS AND INTERNS

REGISTRATION AND COST:

TILL 27.05

1 WEBINAR - **35 €** | FULL COURSE - **109 €**

FROM 28.05

1 WEBINAR - **39 €** | FULL COURSE - **135 €**

FROM 12.06

1 WEBINAR - **45 €** | FULL COURSE - **159 €**
